

Thriving country retail nursery IN WESTERN AUSTRALIA

With seven years of operation behind it and a growing retail client base, this nursery presents as an ideal opportunity for someone looking to enjoy a country lifestyle in spectacular W.A.

The nursery sells a broad range of traditional nursery and garden products – from pots and plants to garden ornaments, tables and chairs. The town in which the business is situated is a service centre for the surrounding regional area. With its friendly service and comprehensive range, the nursery attracts an ever increasing clientele from the town and wider rural catchment.

Positioned on a 6-acre (approx.) site not far from the centre of town, the facilities include large yard, main retail building and separate potting shed. With plenty of unused space, there's significant potential to develop the business further, branching into other areas such as bulk soils.

You won't necessarily need to be a green thumb to make the most of this opportunity – more than anything this is an established business with a solid reputation and strong demand. General business skills and enthusiasm will be enough to continue its considerable momentum – ideal for a young couple or family.

As a totally independent store, you'll be able to pick and choose stock to suit local demand and the direction you want to take the business.

If you dream of escaping the big city or simply can't live without clean air and open spaces, then regional W.A. is for you. Surrounded by natural beauty you'll soon slip into the easy pace of life and the friendly safe community atmosphere. The town has plenty of health, education, shopping, entertainment and sporting facilities, and Perth, the renowned state capital, with its beaches and cosmopolitan variety, is only a two hour trip away.

Asking price: \$295,000 • Code: WA19-250 • State: WA
